## Projects

---

### Website Portfolio

- Built a responsive website using HTML, CSS, Sass, and JavaScript which contains a bio, contact information, and previous job experience. Current Link: <https://bmclela.github.io/portfolio>

### Database Driven Web Portal

- Designed a web portal and a MySQL database in phpMyAdmin to store information about the popular videogame Overwatch. Included functioning login system for users and admin with add, remove, update, and search functionality to interact with the database.

### Custom Built Quadcopter Racing Drone

- Selected individual parts to assemble a remote-control drone piloted through goggles which receive real time video from the drone. Capable of traveling up to 80mph.

### Custom Built Computer

- Processor: Intel Core i5-7500 Quad-Core 3.4 GHz, RAM: 16GB (2 x 8GB) DDR4, Storage: 120 GB SSD, 2TB Hard Drive, GPU: GeForce GTX 1070, Motherboard: ASUS ROG STRIX Z270E

## Skills

---

### Software

- Proficient: C/C++, HTML/CSS, MySQL, Linux Environment
- Familiar: Java, JavaScript, Assembly, Ocaml, Prolog, PHP, Sass

### Achievements, Activities, Interests

---

- Achieved Eagle Scout rank, member of Order of the Arrow, attended Boys State
- Long distance running, playing guitar, flying drone, video games
